It's been a long time coming, now is the time to act.  
The drunks and/or druggies who cause accidents resulting in death, MUST be castigated to the full extent of the law that covers MURDER.

It is no longer acceptable that these criminals get away with bail after a few weeks or months. Murder is punishable by 15 to 25 years in jail, SO SHOULD THESE UNCONCSIONABLE IDIOTS who have no regard for the loss of families and friends.

PLEASE, PLEASE DO SOMETHING THAT RESEMBLES PUNISHMENT.

Thank You
