Dear Sir/Madam,

I wish to object in the strongest terms to any changes to current guidelines and relevant Acts relating to the suppression & non-publication orders of the names of juvenile offenders reaching 18 years of age. Please NO NOT be influenced by mass media campaigns & petitions that create hysteria on the need to advertise past juvenile offenders upon reaching adulthood.

This will only incite prejudice to our fellow citizens who have completed their judicial sentence and have the right to re-enter society without vitriol or notoriety.

Thank you for reviewing this submission.
